Dear Art World,  
I feel you sitting there trying to process the **CRAZY** shit going on. I've been there for months, and it's driving me **WANE**. Fuck, it seems counterproductive to **EVFN** talk about this shit, because **EVERYONE ALREADY KNOWS WHY THE SHIT IS REALLY FUCND UP**. Or why I'm wrong.  
**SURE**, I've come to some conclusions about shit. One is that we spend **ALOT** of time **BLAMING** each other for not understanding **WHAT** the problem actually is - **TECHNOLOGY**, Barack Obama, mandated **JOBS**, **immigrant RESPONSIBILITY**, **REGULATION**, **TRUMP**, **EUROPEAN PEOPLE**, **RESISTANCE** in the water... **TOO MUCH** or **TOO LITTLE** of ANY OF IT.  
I mean, everyone **ALREADY** has the Answer, it's just that everyone **ELSE** **WANT** **IT** **ADDRESS**. It's really simple, apparently, to fix everything by applying some **JESUS**™ **REGULATION**™, or **CONSTITUTION**™ to it. If only we'd just free the Market, correct some **bad** **bad** **bad**, spiritually channel the Founding Fathers, **repeal** **c ARRIVALISTS**, **STOP** eating GM **own** **type**, spend more time with our Family, **of** **THE** **ALREADY** **SHIT**.  
**EXCEPT** **YOU** **don't** **do** **shit**, because this is **AMERICA**. Land of the **Me-Sitter**™ and home of the **BAWES**™ where we are **FREE** to **ARGUE** about the **degrees** of social and **ECONOMIC** **regulation** until the **grass** **follows** **conscience**. We argue in **constant** **outlets**, on **Facebook**™, and **Twitter**™. And, when we aren't arguing, we agree with our favorite "experts" on **FOOD**™, **CHOC**™, and **GRASS**™ as we slide into a **RECESSION** 2.0.  
One of the other **OBVIOUS** conclusions I've arrived at is that a **FEW** people **LIVE** it that **WHILE** **EVERY** is bad for **MOST** of us - 9% unemployment, **THE** **TRILLION** **DOLLAR** **DEBT**, and a **perpetual** **War** **on** **Terror**™. "SOCIETY" **hope** we'll all just **pull** **levers** **and** **not** **fall** "HOLEM **SILVER**" and **argue** **some** **more** **about** the **INTENTIONS** of the **CLIMATE**, **BRUNDE** **the** **12** **is** **being** **long**.  
The **only** **FACTS** we're **stating** **are** that **200** **M** of the population **lost** **85%** of the **network** **and** **earned** **44%** of the **income** **last** **year**. In the **AMERICAN** **SYSTEM**™ of **BLAME** **and** **condemnation** I'm going to **point** **the** **Finger** **at**... **the** **REGULATED** **CAPITALISM**™ it is in the **very** **heart** of **Capitalism** to **ACHIEVE** **MORE** **CAPITAL**. To quote @C.SallyCrip-Are, fellow **citizen** **and** **member** **of** **a** **Team** **Libby**, "Money is money no matter how you get it."  
Definitively, the **same** **1%** also support the rest of us by **BUYING** **our** **work** **and** **fund** **almost** **everything** **else** **musicians**, **artists**, **painters**,...) **getting** **some** **of** **us** **mean** **what** **we** **do** **is** **not** **the** **problem** (THE **PROBLEM** **and** **TRUMP**), **but** **that** **mean** **we** **should** **EMIT** **THE** **FUCK** **UP**, **and** **take** **responsibility** **and** **say** **fuck** **you!**™ **The** **ART** **WORLD** **IS** **NOT** **TO** **BE** **CREATED** **FROM** **SOCIETY** **and** **THIS** **is** **how** **they** **pull** **it** **off**... **CRACK** **DOWN** **PLUTOCRACY**, **motherfuckers**.  
So, in my **worst** **capacity** **as** **a** **love** **artist**, I've **wrote** **some** **poet** **words** **about** **this** **SHIT** **that** **are** **PROBABLE** **to** **look** **at**, **and** **they're** **ALL** **derivative**.  
Sincerely,
